

A Taste of Kiwi in Langkawi: Four Seasons Resort Langkawi Uncorks Exclusive New Zealand Wines in Collaboration with Misha's Vineyard

March 20, 2025, *Langkawi, Malaysia*

Wine enthusiasts can now look forward to an elevated sipping journey at [Four Seasons Resort Langkawi](#). In collaboration with Misha's Vineyard, the beachfront retreat unveils two exclusive wines representing the most renowned wine styles of New Zealand.

The two wines produced as part of the partnership are a Pinot Noir and a Sauvignon Blanc, with the 2024 vintage available exclusively at Four Seasons Resort Langkawi. The wine label, too, is meticulously crafted: guests will notice the Resort's logo as well as its charming Malaysian setting depicted on the bottle.

Misha's Vineyard is a boutique, family-owned estate in Central Otago, the Pinot Noir capital of New Zealand. The estate's location provides optimal conditions for producing world-class Pinot Noirs and aromatic whites, including Sauvignon Blanc – a wine that's become synonymous with New Zealand.

"We're excited to give our guests an exclusive taste of one of the most highly regarded wine regions in the New World," says Mohzani "Mo" Mokhtar, the Resort's Director of Food and Beverage and the architect of the collaboration. "It's been a pleasure teaming up with Misha's Vineyard to develop these special wines together. Their spectacular single vineyard along with the craftsmanship of Olly Masters, one of New Zealand's most talented winemakers, is a pretty compelling combination."

Mo visited the estate in person last year, touring the vineyard with owners Misha and Andy Wilkinson and seeing up-close the care and attention that went into their wine production process.

"What makes this partnership even more meaningful is how it all started," shares Misha. "Over a decade ago, a guest asked if we could supply our wines to Four Seasons Resort Langkawi, which is how our relationship began. Now, after 10 years of working together closely, we are entering a new decade of even closer cooperation."

Critically acclaimed as one of New Zealand's top wine producers, Misha's Vineyard is best known for their small-batch, super-premium wines and exacting viticulture regime, with all grapes hand-harvested and sustainably farmed.

Guests at Four Seasons Resort Langkawi can enjoy these exemplary wines at the vibrant beach bar and the sea-view restaurants.
